

MAR 27 1985

Mr. T. E. Wehling  
Senior Engineer  
McDonnell Douglas Aircraft Company  
P.O. Box 516  
St. Louis, Missouri 63166

Dear Mr. Wehling:

This letter is to confirm a telephone conversation between Joe Galbraith of my staff and Harold Relhap of McDonnell Douglas on March 19, 1985, with regard to your letter to Robert Morby dated January 31, 1985. In our opinion 20 millimeter ammunition does not meet the classification of "Small Arms Ammunition" Class C Explosive. You must continue to manage the 20 millimeter ammunition as a RCRA regulated waste.

This opinion is consistent with the opinions of EPA Headquarters and the other EPA Regional Offices.

If you have any questions, please call Joe Galbraith at (816) 374-6531.

Sincerely yours,

Michael J. Sanderson  
Chief, RCRA Branch  
Waste Management Division
